Modular Crimping Tool K-RJ45

One crimper for the three modular plug sizes — 8P RJ45, 6P and 4P — that crimps, strips and cuts in a single tool, with a kit version that adds a mini stripper.

A modular crimping tool that crimps, strips and cuts in one tool, with three dies in the head: 8P for RJ45 network plugs, 6P for RJ12/RJ11 and 4P for handset and telephone plugs. A kit version adds a mini stripper.

K-RJ45 modular crimping tool for RJ45 8P 6P 4P plugs

Key Features

- Three dies in one head: 8P (RJ45), 6P (RJ12/RJ11) and 4P (RJ11/RJ9)
- Crimps, strips and cuts — the full patch-cord job with one tool
- Adjustable stop plate on the back sets plug seating
- Steel body with black finish and moulded blue grips
- Also available as a kit with a mini stripper / punch-down tool included
- Blister retail packing — shelf-ready for distributors, or bulk for kitting

Back — the adjustable stop plate

Tool in retail blister pack

In Use

Strip the jacket with the jaw blades, trim the conductors with the cutter, seat the plug in the die marked for its size and squeeze once. The adjustable stop plate on the back sets how far the plug seats.

Private Label & OEM

Supplied in neutral, unbranded stock as standard. Private labeling is made to your requirements — labels with your logo, part numbers and barcodes on the inner boxes and outer cartons, so the goods arrive ready for your warehouse. Custom barcode & contract labeling is applied to every inner box and outer carton to your receiving specification.
